Personality

Occupying the 6th position in the Chinese Zodiac, the Snake symbolizes such character traits as intelligence, gracefulness and materialism. When it comes to decision-making, Snakes are extremely analytical and as a result, they don't jump into situations. They are effective at getting the things they want, even if it means they have to scheme and plot along the way.

Snakes are very materialistic creatures, preferring to surround themselves with the finest that life has to offer. This is especially evident in the home, where luxurious furnishings and surroundings help Snakes seek the peace they need in order to thrive.

Water Snake – Years 1953 and 2013

Influential, motivated, insightful, and highly intellectual are words that best characterize Water Snakes. These Snakes work well with others and enjoy being recognized and rewarded. They'll reveal feelings to those closest to them, but no one else.

Compatibility

The Snake is compatible with a Rooster and an Ox and incompatible with a Pig and a Monkey.
